

Hybrid Learning: Return to School Road Map

A decision to move from remote learning to hybrid learning will be based on state and local guidance.

Hybrid Learning

Remote Learning

Hybrid Learning Health & Safety Protocols

- Mask are required face coverings at all times while anyone is in a school
- Students will be allowed to remove masks when eating or drinking
- Procedures for each building will be communicated to all staff and students prior to the start of the school year
- Social distancing must be observed as much as possible
- Appropriate handwashing hygiene will be taught and reinforced including washing hands with soap & water frequently, using hand sanitizers when needed, and visual and verbal reminders
- Bathrooms will have proper supplies and extra time will be allowed throughout the day for hygiene practices
- All buildings and classrooms will be cleaned nightly when school is in session
- Hand sanitizer stations will be provided throughout the schools. Regular hand washing will be incorporated into the school/work day
- Hybrid model may be adjusted based on the timeline for implementation
